Able to Hear It. was somewhat deaf, although his abil ity at times to hear what was said in ly remarked. It is related of him that neral. "As our melanchely train w an ordinar, tone of voice was frequent he dropped into the business department of the office one day to make an inquiry about something that had occurred to him, and a young man who

"What did you say?" asked Mr. Medill, putting his hand to his ear. The young man repeated the ques tion in a still louder voice.

"Oh, chase yourself around the block you old granuy!" muttered the impa tient em; loyee just above his breath, "I am not an old granny," said Mr Medill, turning away, "and I shall no chase m self ar und the block." The fresh young can made hum his job, but the great editor probably thought that the lesson he had rereived was sufficient and did not dis-

A Famous London Tovern. The Mermaid was the name of a fa mous Lordon tavers frequented by noted literary men and actors durin the reign of Queen Elizabeth. All th wit and talent of the time assembled there for convivial enjoyment. Au thors have made it the scene of great mind combats between such men a Shakespeare, Ben Johnson, Beaumoni Fletcher, Selden, Carew, Donne and others of reverential memory. It was the gathering place of the celebrated Mermaid club, the origin of which i ascribed to Sir Walter Raleigh. The Mermaid tavern was located in Bread street and was handily reached from three theroughfares, so that it has a late dinner or a drop in the stock been often referred to in various ways. market, and the same. It was the nearest t

Origin of the Word "Fogus." The word "bogus" is mid by Dr. Ogilvie to be derived from Boghese, the name of a notorious American swindler who about the year 1805 flooded the western and southwestern states with counterfeit bills, sham mortgages, etc. Others connect the word with "bogy," scarecrow or gobiln, and so applied to

"I more than suspect the word to be a corruption of the French bogasse." This bogasse was the sugar cane as delivered in its dry, crushed state from the mill, also called can trash and fit the frantic wife of the planist and his only for burning, being synonymous friends could learn nothing of what with useless rubbish.

the famous dramatic critic, tells how he and Joseph Jefferson were amon: the pallbearers at McCullough's f halted in a Philadelphia street. Mr. Winter, "he glan ed ale and gravely remarked, '1 : before that there were so Another quaint anecdote which tells with reference to a melan bear occasion is this one on the burial of

John Brougham: "Edwin Booth and I assisted to be 2 his pall. I remember that the two gravediggers after they had lower d his coffin a little way into the grave were constrained, with many muttered exclamations of 'Aise her!' and 'Raise her!" to lift it up again in order to enlarge the cavity. Booth and L like Hamlet and Horatio, were standing under a neighboring tree observing these proceedings, and nothing was ever more weefully comic or more immoreusly rueful than Hamlet's smile as he looked at me with those deep. melancholy eyes and with that little. furtive grimace, murmuring as he did so, 'It's the last recall.' "

Trouble Making. Trouble making is an older industry than the manufacture of steel. Cain, the trouble maker, got into action before Tubal Cain, the ironworker, and Eve got Adam into hot water long before the bollermakers' union began

There are three brands of troub imaginary, borrowed and real. Imaglnary trouble consists of railroad accidents, earthquakes, fires, suicides, di eases such as the patent medicine man makes, the poorhouse, death and the grave carefully mixed and taken after

Borrowed trouble is the kind we get from our relatives. Its principal ingredients are visits, borrowed money. birthday presents, advice and expectations. But the real article is produced as follows: Put the sandals of endurance on your feet, take your life in your hands and follow by turns the how to be happy philosopher, the preacher of physical culture and the apostle of diet .- Puck.

His Hunt For Home.

On one occasion De Pachmann, the famous planist, with his nervous and irritable temperament, was summoned to appear before Queen Alexandra at Buckingham palace. He immediately adopted anarchism as his political faith and obstinately refused to go. His friends labored with him for hours and at last persuaded him not to commit an impertinence which would nev-

er be forgiven by the English people. Finally he was dispatched in a cab. The night were on to morning, and had become of him. At last a feriorn Again, according to Brewer, there is looking cab drove up to the house, in French argot or thieves' slang a and De Pachmann dismounted. On word "bogue," which signifies the rind leaving the palace he had forgotten "Look here," said the office boy, "I of a green chestnut or the case of a where he lived and could only tell the watch, and this also brings us to the cabman that it was in a square with idea of an outward seeming without a church in it. "Yes; she sneezed in the middle the symphony."-Philadelphia Ledger. How Needles Are Made. Needles are all made by machinery The piece of mechanism by which the rough steel wire, cuts it into prope lengths, files the point, flattens the head, pierces the eye, then sharpen the tiny instrument and gives it that polish familiar to the purchaser. There is also a machine by which needles are counted and placed in the papers in

in his pecket to the depot when bidding farewell to a young lady and took a bite now and then to induce tears. Before the train departed he had eaten the entire onion. The young lady, perceiving the situation, re marked, "Ah, you have swallowed your grief!"--Harper's Weekly. Men of Yesterday and Today. In our great-grandfather's young

saw a great crowd gazing at some Chinamen in gorgeous costumes who were just leaving their carriages to mount his steps. Presently they were announced as the Chinese minister at the court of St. James and his suit. Mme. Geoffrin, "before he died!"-A solemn presentation having taken 'May I ask to what I am indebted for Thereupon the two poets shook hands ask to what branch of poetry his ex cellency devotes himself?" To which lency devotes himself to poetical enig- that there's a bird that makes them?

of the earth in the far distant future when the sun grows cold. The sin ple, low organisms, he says, will prob ably live longest, until even they disappear. Finally, he says, all water or the earth's surface will freeze and the oceans will be transformed into ice to the bottom. Some time later the car bonic acid of the atmosphere will be gin to fail on the surface of the eartl in the form of snow. Some time after that the temperature on the surface will have reached about 330 degrees below zero F. New oceans will then be formed by the atmosphere being turned into liquid, and the atmosphere of that future earth will be only hy-

space, accompanied by the planets. The wagons of "the greatest show on earth" passed up the avenue at daybreak. Their incessant rumble mother feigned sleep as the two white rid of him. hall on the way to investigate. Robert | well said, but who'll bell the cat?" struggled manfully with the unaccustomed task of putting on his clothes "Wait for me, Billie," his mother heard him beg. "You'll get ahead of me." that manage to show you that they are

"Get mother to help you," counseled Glasgow Times.

A gourmet as he mixed a salad chicory said: "The world's queeres salad, and possibly its most deliciou one, is eaten by the Inoits of northwes Greenland. It is a salad of undigeste. moss from the stomach of a fresi killed reindeer, a bitter, sharp, stim tion as an electrical massage. The Inoits live almost exclusively on fish hence salads are a favorite dish with them. But no salad in their mind: ompares with that which they wres from the slaughtered reindeer. They say this salad is crisper, tenderer and more appetizing than any other, and they say it wards off indigestion. They

connection the story is told of two lit. on it, quite as the Indians do with
